A.S.S.M.C. ELECTION SET FOR TUESDAY AT CAMPUS BOOKSTORE

Only Holders of Student Body Cards Allowed To Cast Votes

Election of A.S.S.M.C. officials for next year will be held in the students' book store Tuesday between the hours of 9 and 3. Nominations for student body offices were held last Tuesday in Dante Mall.

Kilian (Kay) Mulleda and Jack Tolan were nominated for the office of student body president; John Tobin and Homer Burton for the vice-presidency; Vincent Callan and Joseph Boyd for secretary, and Thomas Cara unopposed for treasurer.

Both Tolan and Mulleda are rated on an even basis as to ability and popularity and the election is expected to be one of the closest in recent years, though most of the students are unable to vote.

The names of two assistant yell leaders will also be placed on the ballots and the students will choose the head yell leader for next year.

To Tom Cara goes the unique distinction of being the only unopposed candidate in this election. Cara is especially well fitted for his new position, having worked on financial committees and as a member of the student executive council.

The election on Tuesday will be presided over by the student election committee composed of President Frank Madigan, Edmund Moss, Vincent Whelton, Gerald Hennessy, Ed Shanahan, Clement Collins, Walter Michels, and Thomas Twomey.

Treasurer Edmund Moss announces that A.S.S.M.C. cards which carry the privilege of voting may be procured at any time prior to the election.

Loud Speaker System Decided at Senior Gift

After a week of discussing appropriate gifts for the College, the Senior Gift Committee definitely decided upon a loud speaking system for the dining room, providing the funds in the class treasury are sufficient to make such a thing possible. The money to be used for the purchase of the gift was raised at the Senior Informal dance which was given in Madigan gym on Friday, April 1.

Possible alternatives for a suitable gift which were presented by the members of the committee include, the building of a permanent shrine to Our Lady of the Oaks in the grove of trees above the football field, and the installation of flood lights in the front of the Chapel.

Definite contacts were made with the corporations handling loud speaking apparatus, and although advance information points to the fact that the price is almost prohibitive, plans are still under way to make this necessary adjunct to the dining room a possibility.

The senior gift committee is headed by Ed Moss, chairman, who is assisted by Ed Cone, Tim Mazzoni, Adolph Costella, Maurice Graves, and John Morse.

Seniors to Picnic at Rodeo Wednesday

Seniors will enjoy their annual frolic next Wednesday when the entire class motors to the ranch of Linus Claeys at Rodeo for an all-day picnic and barbecue.

A huge pit for roasting the meat, which is being purchased in large quantities, in common with other refreshments, is being dug on the ranch this week.

Tickets are priced at $2 and are available to seniors from any member of the following committee: Linus Claeys, chairman; Frank Madigan, Joseph Noonan, Gerald Hennessy, John Corder, Merlyn Mulroney, John Friedman, Horace Dwyer, Henry Donovan, George Gnoss, Harry Whitehead, and Charles Christie.

Chevrolet Raffle for Novitiate Near Close

Considerable interest has been aroused over the raffle of the Chevrolet coach which will be presented to the fortunate possessor of the winning number on Friday, April 29th. Brother Lewis is in charge of the raffle and at present is busily engaged in soliciting the support of the students of the Brothers' high schools in disposing of subscription books.

The young men in training for the Christian Brothers have already moved from Martinez to their new quarters at Mont de la Sallefi for the furnishing of which the raffle is being conducted.

Although the depression is retarding ticket sales to some extent, present indications are that a fair sum will be realized for the new home of the student brothers.

MURPHY ELECTED SENIOR PRESIDENT

A turbulent junior class meeting was climaxed by the one-sided election of Jack R. Murphy of San Francisco to the presidential berth of next year's seniors.

John Murphy

Opposing Murphy were John Somers, Gael editor, and Leo Walcom, junior prom chairman and Gael literary editor. Murphy was voted into office with a total of 41 votes to 19 for Somers and 9 for Walcom.

Other Officers

Ben Celli of Oakland was unopposed for the vice-president's position, while William Carpenter triumphed over Carroll Coughlin for the secretarial post by a small margin. Marvin Miller was elected treasurer over Angel Brovelli by four votes in the closest race of all.

George Railton was almost unanimously chosen for the Executive Council while the other members voted in were Clement Collins and Bob Grady.

The new president of the class of '33 is the manager of the student's bookstore and is a graduate of Sacred Heart College of San Francisco.

Sophs Will Submit To National Test of Marathon Dimensions

The intelligence of the so-called "egotistical sophomores" is to be given on May 3rd and 4th according to the latest news received from the committee in charge.

The examination on May 3rd will begin at 8:30 a. m. and will last until 12 o'clock noon, while that of the following day will continue from 9 a. m. until 12 o'clock noon. Both examinations will be given in Room 201, Dante Hall.

This test is being sponsored by the Cooperative Test Service under the auspices of the American Council on Education, and though entirely voluntary on the part of the colleges and universities participating, will probably be given by all forward-looking institutions of higher education.

College Status Determined

As being administered this year, the sophomore test is really part of a larger twelve-hour test previously given in the universities and colleges of Pennsylvania, where such testing for the past three years has produced beneficial results.

The results of the nation-wide test are sent to all institutions participating, but, for obvious reasons, the names of such institutions are not published. Each college may then see how it ranks among colleges of its own and different class; it will be able to determine how well its students are grounded in foreign literature, the fine arts, history and social studies, general science and English, which are the matter of the examination.

It will discover, in a word, to what extent its students have received the elements of general culutre. Furthermore, it will allow the college to remedy its weaker points.

Sophomores Urged to Cooperate

The students who take part in this test are aiding in the improvement of higher education. At the same time, they are participating in a kind of intellectual competition, so that they will be able to compare themselves with students of the nation in their own class.

In order to insure the attendance of each sophomore on the day of the test, the Administration of the College has decided that those sophomores who do not take the test will be asked to pay a fine of $2.00. It is the hope of the Administration, however, that this fine will not be forthcoming from any sophomore, but, rather, that the attendance for these two days will be one-hundred per cent.

Sophomores Slate Bridge Tourney

The sophomore class announces a card party to be held on Tuesday evening, April 19, in the lounge for the purpose of gathering funds to pay off class debts incurred last year. A price of twenty-five cents is to be charged.

Attractive prizes have been secured by the committee. Father Bowling has aided them in their work, and has donated a silk bathrobe as a prize. Roos Bros. has offered a Saint Mary's belt. Others have been received from Vaughn's, Spaulding's and Roos Bros. The Newman Club of the University of California has agreed to supply cards, tables and equipment.

The committee selected to effect the necessary arrangements is headed by Ellis Godfrey. Members under him are Joe Boyd, Frank Latuda and Joe O'Reilly.

Freshmen Students Will Honor Mothers

The frosh social committee will conduct a fete in honor of the mothers of freshman students one week from next Sunday, April 24. The social committee composed of Campbell Juleff, Karp Stockton, Lee Atwood, Sam McCullagh, and Stanley Sinclair will be in charge of the affair.

The celebration is to start with entertainment and addresses of welcome and appreciation in De la Salle hall at 2:30 p.m. Jack Cauzza will head a chorus of singers and Len Pierrotti will accompany them on the piano. The latter will also play several piano solos. Brother Leo, Chancellor, will speak and then greet each mother personally.

Limited to Frosh

A tour of the campus is to follow the program in the lounge. A dinner, to be served in the students' dining room, will conclude the observance of Mothers' Day by the freshman class. It is to be served at 5 p.m. The entire celebration will be limited to freshmen and their mothers. The Sacramento Northern afternoon train arrives at 2:18 and leaves at 4:26 and 6:53 p.m.

Presidential Candidates Both Plan and Promise In Platforms

By Jack Tolan

This is not an outline of what we think we can do if elected. Thinking is necessarily a quiet process. We are voicing only those plans which we know we can carry through.

The reason intramural sports have not progressed is because there have never been any definite plans laid before the Board of Athletic Control. They would be the first to give aid and equipment if the activity was formulated in such a manner that it did not interfere with other sports. Two years ago we were given the practice field every time we had an actual game to run off. If we arranged our games to take place when the teams were on trips we would have no trouble running complete schedules. We need planned activity with its essence action, not shouting "We are in favor of intramural sports."

The student body meeting is the check on the executive council and the minutes of that body have not been presented with sufficient clarity to the student body. We can not check fairly on procedure that is vague, not discussed, and "railroaded through." The executive council has no power unless the student body delegates that power by actual vote on their procedure. We advocate a more detailed report of executive council activities and a fair discussion by members of that council in the meetings of the student body.

(Continued on page 5.)

By Kilian Mulleda

To the members of the Saint Mary's Student Body:

More than ever, we of Saint Mary's should begin to realize that our Student Body has been gradually approaching a position which demands a more comprehensive and wider scope of activity than heretofore. Not only is this a necessity in those functions taking place within the college itself, but in those extraneous to the ordinary schedule of routine.

We have, without doubt, progressed admirably in the promotion of certain activities which had been, in an earlier day, beyond the capabilities of a student body as limited in numbers as ours then was. Now, however, with a continuation of the cooperation and harmony which exists between the Administration and the Student Body, we should be able to foster new interests and embrace a still more complete program. Saint Mary's is becoming daily more well-known, and it is our duty to uphold and increase our reputation in the fields of both scholarship and athletics.

Extra-curricula activities, so necessary to the fulfillment and completion of real college life, must be maintained if our ideals of collegiate pursuits are to be more fully realized. The organization and extension of such activities are the work of the student body and it can only be accomplished by the perfect cooperation of all concerned.

(Continued on page 5.)

Radio Program Offers Philosophy Professor

Professor Fearon, instructor in philosophy, will be the featured speaker of Tuesday's Classroom of the Air program on KTAB between the hours of 8:30 and 9 p.m.

Having appeared before the microphone on numerous occasions in the past, the Saint Mary's instructor is reputed to possess one of the most pleasing radio voices around the Bay region.

Also appearing on the same program will be the cast of the student opera "Rosamunde" which will be staged in San Francisco and Oakland on April 25 and 27.

RECORDER'S OFFICE

The Bulletin of Information for the Summer Session will be available Friday, April 15, at the office of the Recorder.

The College Bulletin for the Regular Session, 1932-1933, is now available at the Office of the Recorder.

The Senior Examinations will commence on Thursday, April 28, and will extend to Tuesday, May 3. The examinations will be of two hours' duration. The examination schedule will be published in the next edition of the Collegian.

COMING EVENTS

Friday, 15 — Debating: Saint Mary's Freshmen vs. Stanford.
Baseball: Freshmen vs. S. F. U., 2:30, at S. F.
Saturday, 16—Baseball: Varsity vs. Santa Clara, 2:30, at Santa Clara. Freshmen vs. Polytechnic High, at Oakland.
Monday, 18—Knights of Columbus Meeting, 7:00, La Salle Hall.
Tuesday, 19—Student Body election, polls at Book Store.
Baseball: Freshmen vs. St. James High, 2:30, campus.
Wednesday, 20—Cottle oratorical contest, De La Salle Hall.
Thursday, 21—Economics Association Meeting, 12:15, De La Salle Hall.
Sophomore Class Meeting, 12:20, room 201, Dante Hall.

LAKESIDE CLUB IS CHOICE OF SENIORS

With April 29 set as the date and the Olympic Lakeside Country Club in San Francisco definitely secured as the place, the Senior Ball is at last assuming real shape. Bids will be for sale on the campus next week at $2.50 per couple, with the number being limited to two hundred.

The decision of the class to ban all corsages has been productive of much favorable comment. Leading eastern universities have initiated the move and it is now finding favor on the Coast. Enforcement of the rule will be strict, and a statement of it will be printed on the bids.

The orchestra for the affair will be selected today, and will be chosen from those of Tom Coakley, Del Courtney, Dave Saylor, and Lee Seawright.

Lakeside Club Approved

Lakeside Country Club is one of the most beautiful and fashionable ball rooms in the bay district, and has been obtained only through the kindness of friends of the College who are members of the Olympic Club. It is located about one-half mile below Fleishhacker Pool on the Skyline Boulevard, and is approximately thirty minutes' ride from the Ferry building.

Twelve Patrons Announced

Patrons of the ball will be Brother Leo, Joseph Hickey, director of public recreation in San Francisco; James Smith, Frank Smith, and Andrew Johnson of the Alumni Association; Gerald Linares of the San Francisco Recreation Commission; Edward Smiddy of the Chancellor's office; Edward P. Madigan, director of athletics; Louis LeFevre, graduate manager; Vincent McNally, basketball coach; Professor Hagerty, head of the philosophy department; Claude T. Silva, chairman of the social committee.

Gael Frosh Debaters Meet Stanford Tonight

In the first forensic contest between the freshmen of the two institutions, the Saint Mary's freshman debating team will encounter the Stanford frosh in a debate this evening at 8 o'clock in De La Salle Lounge.

As an audience poll will be taken before and after the debate, the question will not be announced until the chairman calls the session to order. The respective sides will not be announced until the first poll has been taken.

Gael Debaters

Saint Mary's will be represented by Ed Ryken, Cranson Hopkins and Noel Sherry with Campbell Juleff as alternate. While Ryken has had no previous collegiate experience, both Hopkins and Sherry have proved their ability in past contests.

Tonight's debate will mark the conclusion of a most successful frosh season, in which Saint Mary's yearlings drew even in two dual contests with San Francisco University and the University of California.

SENIORS, FRESHMEN TIE FOR FIRST AS JUNIORS RATE LAST

Statistics Show Averages Much Lower Than Those of Last Quarter

Statistics on the honor roll issued from the office of the Recorder show that the number of students have taken a decided slump in their studies if this is to be the criterion. The juniors, above all, were found to be far down in the averages; the seniors led the student body with the greatest percentage of the entire class listed. The freshmen placed second, sophomores were third, and the juniors last.

The seniors placed 18.1 per cent of the class on the roll; the freshmen 17.7 per cent; sophomores 16.1 per cent, and juniors only 9 per cent. The student body average was 15.7 per cent.

The grade point average for the student body was 1.16, decidedly lower than the average of last quarter. Seniors and freshmen were tied in grade point averages, both having made 1.28 points per unit. Sophomores were third with 1.07 and juniors last with .96 to their credit.

Of the deficiencies, the percentage of the class which failed to make grade points, the seniors were lowest with 24:3 per cent; the freshman class was second with 31.2 per cent; the sophomores third with 41.3 per cent, and again the juniors placed fourth with 52.9 per cent. The average of the student body in this was 37.1 per cent.

All in all, the entire student body is below the standard of last quarter, although it is expected that the averages will have taken a decided jump for the better when statistics are again compiled by the office.

Following is the list of students who merited 2.5 points or better per unit:

Seniors: Robert Bill, Robert McAn-

(Continued on page 5.)

Eight Seniors to Get Honor Degrees

According to information received from the Office of the Recorder this week, eight seniors, prominent in Saint Mary's activities for the past four years, will be awarded honorary degrees on Commencement Day.

For the Maxima Cum Laude degree, representing the highest possible scholastic honor, four of the class of '32 have been named. They are: Robert Bill, Arts and Letters, San Leandro; Brother Francis, Arts and Letters, St. Mary's College; Robert McAndrews, Arts and Letters, San Francisco; and Edmund Moss, Economics and Finance, Oakland. The latter two, Moss and McAndrews will speak at the graduation ceremonies.

Four Magna Degrees

Two Oakland students and one representative of the City by the Golden Gate have merited the Magna Cum Laude degree. They are: Edward Shanahan, Arts and Letters, San Francisco; John Friedman, Economics and Finance, Oakland; Albert de la Guardia, Economics and Finance, Oakland.

Ralph E. Rogers, Economics and Finance, will be awarded his diploma Cum Laude.

It may be noted that the entire group hail from the Bay area. In the course of their collegiate career, these men were conspicious figures in promoting organized clubs on the campus. At one time or other, their individual work was made outstanding by attaining high offices in class activities.

For this Commencement Day topic, Moss has chosen "A Challenge to the Catholic Graduate." McAndrews will discuss "The Other Side of Yesterday." The former recently held the position of Associate Editor of the Collegian, and the latter, occupied the position of Editor.

ALUMNI NOTES

HISTORIAN SPEAKS AT S. F. LUNCHEON

One of the most interesting talks given at any of the luncheons of the San Francisco unit was given by Mr. D. Q. Troy of the class of '80 at the luncheon held on Thursday, April 7 at the San Francisco Elks Club.

Mr. Troy, a member of the Board of Directors of the California Histrical Association, not only told of the wonders of California from a geographical point of view but also told of the history of the state during the Mission Period, the Civil War Period and the period after the Civil War. He pointed out that the highest and lowest points in the country are found in the state, that the state has more than 1200 miles of coast line, that more books had been written about the state than about any other state.

The speaker related the incidents of the romance between Conception Arguello and Count Rezanov which provided the inspiration for the book, "Rezanov" written by Gertrude Atherton and also for a poem of the same name by Bret Harte.

He told of the thrilling incident surrounding the coming of Commodore Sloat to Monterey where he raised the American flag on July 7, 1846 but twenty-four hours before the coming of the British.

One of the most outstanding events in the early history was the election of two United States Senators and two Congressmen even before the state was admitted on September 9, 1850. The California delegation was seated in the national congress without a reelection. This act caused a Southern senator to remark: "Such collosal nerve has never been seen in Washington."

Mr. Troy was seated at the speaker's table with two other alumni who attended Saint Mary's on the Old Mission Road, Frank S. Kelly '79 and Daniel McGanney '85, both of San Francisco. John L. Flynn '01 presided at the luncheon.

Will Murphy '31

The Alumni Office was recently in receipt of a letter from Will Murphy, Jo. '31, from Auckland, New Zealand. Will is a member of the crew of the Matson liner, "Sierra." Part of his letter is: "Sorry to have missed Homecoming Day. I'll make the next one sure. My non-attendance at Alumni luncheon, etc., doesn't signify lack of interest—it's just that the dates do not click."

Incidently Will enclosed his dues for the Alumni Association for the year 1932-1933 which is a good sign since these dues do not become payable until June 30.

West Re-Elected Dental Secretary

Dr. Fred T. West '14, vice-president of the Alumni Association was re-elected to the office of secretary of the California State Dental Association at the convention of the organization held last week in Oakland. Dr. West has long been a leading member of the Association. He has offices in San Francisco. He is also a member of the faculty of the College of Physicians and Surgeons.

Emmet Nolan '17

Emmet Nolan '17 of Honolulu has been a San Francisco visitor during the past week. He has been attending an electrical convention where he has represented the Hawaiian Electric Co., with whom he is employed. He is president of the Honolulu unit of the Alumni.

Plans for Annual Dinner

The first meeting of the committee in charge of the annual dinner of the Alumni Association which will be held in San Francisco on Thursday, May 5, was held at the San Francisco Elks Club last Wednesday evening with Chairman Andrew Burke '04 presiding. Members of the committee are: Andrew Burke '04, chairman; Andrew Johnson '30, James Kirby '28, Ray McGlynn '13, Joseph McTigue '30, James O'Donnell '89, George Rotenkolber '23, P. Burnett Sheehan '08 and Fred Wolff '12.

Already about thirty sponsors have been received for members of the graduating class and, despite the depression it is expected that sponsors for all members of the class will be received.

Engineers to Meet

Members of the Engineering classes of 1928 to 1931 inclusive are planning a reunion in the near future according to Arthur T. Hauck, '29 of 431 Rialto Building, San Francisco. Although intended primarily for the engineering classes from 1928 to 1931, all graduates of the Engineering Department are invited. Those interested in the event are asked to communicate with Hauck.

James Fleishman

James Fleishman, former varsity first baseman is now with the L. M. Daniel Lumber Co., with offices in the Failing Building in Portland, Oregon.

Brother Andrew Talks To Augustine Club

Bother Andrew, instructor in the English department at Saint Mary's College, addressed the Augustine Literary Society Wednesday evening in De la Salle hall. The title of his lecture was "Literary Wanderings."

For the most part Brother Andrew spoke on book reviews and the means to be used in making one properly. He enlivened his talk by numerous reviews of worthwhile books which are often overlooked. In connection with the correct manner of making a book review he said, "The modern student attempts to stake too much on technique instead of giving a human view of the work. This spoils innumerable reports."

Brother Andrew's unique and humorous remarks on the setting and characters of the books he reviewed aided in furthering the interest of his listeners.

Outstanding Element

In connection with his reviews he pointed out that love is an outstanding element in most novels for, as he points out, the love theme is the most exploited of all themes due to its universality. He named "Romona," "The Betrothed," "Little Minister," "Cardinal's Snuff Box," and "Lorna Doone" as possibly the five best love theme novels.

"Since the majority of these five novels are quite lengthy, most modern readers pass over without investigating their contents," Brother Andrew remarked. He concluded his lecture with a detailed account of the "Cathedral," by the modern English writer Hugh Walpole.

Brother Ralph Attends Northwest Convention

St. Mary's College was represented by Brother Ralph, Treasurer of the College, at the annual convention of the Northwest Association of Secondary and Higher Schools, which convened in the Davenport Hotel in Spokane, Washington from April sixth to tenth. The meeting was presided over by George W. Hug, President of the Association and superintendent of schools of Salem, Oregon.

Brother Ralph was elected to the Accrediting Committee which is composed of six members, and of which Dr. Frederick E. Bolton, head of the School of Education at the University of Washington, is chairman. This committee has absolute power in the accrediting of colleges for admission to the Association. Brother Ralph was chosen to represent the whole of the State of California on this committee for the Association.

At the convention the Dominican College of San Rafael, the University of Santa Clara, the University of San Francisco, and Loyola University of Los Angeles were passed upon by the accrediting committee, and were admitted to membership in the Association.

Forty Candidates Initiated by K. C.'s

Initiating forty candidates, among whom were representatives of Berkeley, Contra Costa and Saint Mary's College Councils, the local Council of the Knights of Columbus fittingly celebrated their first anniversary last Sunday.

The class of candidates was called "The Beno Brink—Saint Mary's College Council Anniversary Class," both in honor of State Deputy and the first anniversary of the College Council. That the event, the second one to be held on the Campus, was a success was attested to by the large crowd present.

Local Officers Confer

The officers of the College Council conferred the first degree on several Saint Mary's candidates at 10 o'clock Sunday morning to officially open the day's activities. Among the officers were Timothy J. Canty, James O'Connor, Robert Franke, John Aiello and Ellis Louis.

At 1:30 the second degree was given by a picked team, including Grand Knight Donald Moore of Berkeley Council, and Chancellor Robert Franke of Saint Mary's Council.

Third Degree

A crowd of visiting Knights from various parts of Northern California swarmed the Madigan Gymnasium to view the Third Degree Initiation. Conferring Officer Beno M. Brink, State Deputy and the State Degree Team took charge of this event, with the assistance of the local council.

After the initiation, the College Dining Hall was the scene of a banquet, at which principal speakers were Brother Leo, Chancellor of the College, and State Deputy Beno Brink, Grand Knight Timothy Canty acted as toastmaster.

Meeting Monday

It will probably be decided at the next meeting of the Council, Monday, April 18, to make the initiation a yearly event, since it has become so popular.

Press Award Goes To St. Mary's High

Putting the final touches to the journalism convention staged on the campus on April 10, Edmund Moss, president of the Press Club, last night presented the winning trophy for the best newspaper to Saint Mary's College High School "Peraltan" at a formal banquet held at the Berkeley school.

After the presentation talks were made to the staff of the Peraltan by A. L. Flanagan, donor of the trophy, and Robert McAndrews, retiring editor of the Collegian.

Chaplain Lectures to College for Women

Under the auspices of the alumnae of the Sacred Heart, Father Bowling, student body chaplain, will deliver the first of his scheduled three lectures tonight at 8 o'clock at the San Francisco College for Women.

Vital Subjects

Tonight's topic will be, "Does it Matter What I Believe?" and will be followed on succeeding Fridays by "The Catholic Philosophy of Life" and "Catholic Church and Psychology," all topics of vital interest to thinking Catholic men and women.

GAELS TAKE BRUINS IN LAST GAME TO WIN SERIES

Caviglia Pitches Good Ball to Win for Phoenix 9 to 5

Pounding U.C.L.A.'s baseball hopes for the championship pennant over the Moraga lot with an orgy of safe blows, Saint Mary's varsity with Fred Caviglia on the mound pitching effective ball, won the third and deciding game of the annual baseball series by a 9 to 5 score last Tuesday afternoon, here before a fair student crowd. To settle matters definitely, Caviglia alertly avoided a last minute Bruin rally in the ninth inning by nipping Bergdahl off first base to end the game.

Caviglia, incidently, started his first league game this season. He went the full route for the Gaels, holding the southerners to seven scattered bingles, while neither Murphy nor Rose proved a puzzle on the mound for U.C.L.A.; the Moragans slugged out 12 hits.

George Wilson, Gael second sacker, was the hitting star of the day with three sizzling singles in four trips to the plate. His teammate James McDermott played a flashy game at third base and gathered two bingles out of five attempts, which keeps the leading Gael slugger well up in the list among the league leaders. Bergdahl of the Bruins gathered a couple of hits, and was the only invader to touch Caviglia for more than one hit during the entire game.

"Blibs" Bareilles, getting one for two, worked well behind the plate for the Gaels, while Kane handled first base without an error. Jones, Jadrich and Beasley got their share of base hits, the first two getting 2 hits apiece and Beasley one.

Many Athletes Win Places on Honor Roll

That athletics and scholarship do not agree, is once more proved erroneous by the number of athletes whose names can be found upon the honor roll recently released.

The statistics show that among the high ranking scholars of the College such men from the various varsity teams as Tom Curran, Vic Lusinchi, Harry Kenny, John Friedman, Leonard Churchill, Maurice Graves, Tim Mazzoni, and Gordon Estes rate high in scholarship.

From the different freshmen teams such men as Curtin, Harris, McSweeney, O'Hare and Purcell have found time to keep their grades among the top notchers while participating in athletics.

Frosh May Be Second To Earn 3 Numerals

When George Wilson earned three numerals last year in baseball, basketball, and football, students thought it a rare feat and figured many a summer would pass before the act would be duplicated.

Well, it may happen after all—that is if Carl Gerner wins an award in frosh baseball this year. Gerner, former Saint Mary's High athlete, has already won two sweaters, one for football and the other for basketball.

At present he is covering the initial sack for the Gael babes and no doubt will be presented with a sweater when the season is over. If he is, he will be the second to win three frosh sweaters in recent history of Saint Mary's.

Run in Ninth Wins For Varsity Tossers

McDermott Scores Winning Run to Defeat U.S.F. Baseballers

When Charlie Jones was hit in the arm with a pitched ball yesterday afternoon in the ninth inning, George McDermott scored the winning run to defeat U. S. F.'s cellar-occupying Dons by a 6-5 margin.

Husky Hugh Gerardin started his first game of the season and pitched a good game though the Dons touched him for ten hits, most of which occurred in the final innings.

Catcher Hits

Melvin Barelles, brilliant sophomore catcher for the Gaels, was the hitting star of the game with two doubles and two singles in four times to bat. Two of Mel's drives sailed over Left-Fielder Warford's head.

Jim Kane gathered two hits as did George Wilson and Hugh Gerardin. For the Dons, Gaddy, Warford and McArdle also hit twice.

Gaels Always Lead

Off to a two run lead in the first inning when Wilson singled to score two runners the Gaels were never headed.

They scored two in the first, one each in the third, fourth and fifth and won the game with another in the ninth.

Dons scored one in the fourth, three in the sixth and their final marker in the ninth.

Batteries: Preston and McArdle; Gerardin and Bareilles.

Frosh Take Panther In Hard Game, 3-0

Coach Louie Guisto's able assistant, Lud Beradinelli, took the Gaelets to Saint Mary's High School Tuesday, where they turned back the Panthers by a score of 3 to 0 in a hard fought game.

After being defeated by the Concord Y.M.I. Sunday, the Gael babes turned in a stellar ball game against the high school club. Only one error was chalked down aganist them during the full contest.

The pitchers stole the honors for the day. Both displayed a fine brand of ball throughout the entire nine innings.

Joe Atti of the Moraga yearlings allowed but three base hits while Earcey, the Panthers chucker, was touched for four safe blows.

Mahoney of Saint Mary's and Murphy of the high school worked behind the plate and took good care of their tasks.

Marty, star outfielder of the freshman club, came out of his batting slump Tuesday and connected for a circuit clout in the fifth inning scoring Mora ahead of him.

Marty also played nice ball in the field.

"Man" Mora, who has been thrilling the crowds at the frosh games during the last week, with his spectacular catches, came up with another great catch on Tuesday.

Modesto J. C. Defeats Gael Golfers in Match

Upsetting the dope, a four-man team from Modesto Junior College managed to defeat the Gael team by a 3½ to a 2½ score at Orinda last Saturday morning.

Captain Jack Greer, with a 74, and Dick Giddings with a 76, both Modestans, were the leading scorers of the day. Shooting a 78, Slim Dreier led the Gael scorers, nosing out Ed Mulholland by two strokes.

The services of Dick Bill, Gus Lowell, and Pete Markovich, three of the first four rating players, were very sorely missed. Sickness prevented Dick from play, while outside competition demanded the play of Lowell and Markovich.

The results of the day were:

Dick Giddings and Jim Vaughn (M) 1½, Drier and McCollugh 1½, Jack Greer and Karl Sandholt (M) 2, Mulholland and Cattalini 1.

Moraga Poloists to Meet Californians in Second Game

Coach Charles Christie's water polo men were defeated last Wednesday when they met California at Berkeley in the first game of their season. The score was 6 to 1, and both teams played a very fast game. The one and only score for the Gaels was made in the first period by Meister. The Bears led 2 to 1 at half time.

The starting lineup for Saint Mary's was as follows: Forwards, McCullaugh and Meister; center, Christie; backs, Fryer, Bernard, and Seep; goal guard, Peterson. Hill, Moylan, Blesse and Steele were the substitutes who played.

Meister and McCullaugh are new men who should within the next week or two improve a great deal, so with the combination of Christy, Seep and Friar, Coach Christy expects to defeat the remainder of the competition on the schedule, with the exception of the Athens Club, an experienced and more seasoned team that is above the collegiate class.

Saint Mary's meets California in water polo today, for the second time this week, in California's College Avenue pool, in the second game on the Gael schedule. Christy's men were outclassed in the first encounter, but expect to give the Bears a better contest, with a few days to organize his new team after seeing them in actual competition for the first time. Saint Mary's will use the same starting lineup as last Wednesday.

Joint Meet

This will be a joint meet, in which Herc Fletcher's swimming team will

(Continued on Page 4)

Gaelets to Battle Don Frosh at S. F.

San Francisco Frosh Are Conceded Edge

The S. F. U. freshmen baseball team will make an attempt this afternoon to avenge the decisive defeat administered it by the Gael yearlings last week on the Moraga campus. The return game is to be played at the Jackson Playground in San Francisco.

The young Dons have greatly anticipated this second encounter with the Gaelets who spoiled their heretofore perfect record on the diamond in such a thorough manner.

Flynn on Mound

Fred Flynn disposed of the rival sluggers in an impressive fashion on the first engagement of the Don frosh and he will very likely be given the opportunity to duplicate his feat today. Either Jack Cauzza or Dan Mahoney will be stationed behind the plate for the Gael frosh.

After the S.F.U. first year men had won twelve straight contests, it remained for the Gaelets to upset the dope and subdue this highly touted transbay outfit. However, the frosh from the hilltop maintain that they suffered an off day, but if they are turned back again this afternoon their excuse can not be repeated.

Nevertheless, the past record of the Don frosh gives them a chance of beating the Gaelets in their combat today.

Basketball Player Wins Silver Cup for Grades

"And for maintaining a high average over three scholastic years, I am honored to present this trophy to Thomas N. Curran, of the varsity basketball squad."

At the Chancellor's dinner Tom Curran, a quiet, curly-haired youth of twenty and two years, arose and received a beautiful trophy from the hands of Louis Le Fevre, graduate manager.

Every year the Board of Athletic Control presents to the athlete who makes the highest grades in his three years' varsity competition a reward in the form of a silver cup of over one foot in height.

For the first time in years a basketball player has merited one, but this year Tom Curran, with almost a straight A average has no real opposition. Last season Dick Boyle proved to be the athlete "with the grades," but Curran this year set quite a record with a 2.2. average.

K.C. Tennis Tourney Postponed for Rain

The Knights of Columbus Tennis tournament has been postponed until next Wednesday due to rain.

This postponement will enable the contestants to get themselves into better shape and should make the match much more interesting.

All those wishing to enter may do so by paying the fifty-cent entry fee. Everyone is welcome to enter.

Grid Teams Picked In Spring Practice

Five Teams Are Chosen by Coach Madigan

With only three weeks left of spring practice for the Gael gridders, scrimmage is the main part of the practice. The backfield of the Gael team seemed to be composed of Captain Bill Beasley quarterback, Charley Baird at lefthalf, Angel Brovelli at righthalf and Dodson at full.

The change of Vivaldi from left-end and George Canrinus from right-end to left-end and Keoski and Culjis changed from centers to tackles, settled some of the problems of Coach "Slip" Madigan.

The fullback berth is not entirely settled, Dodson, Partee and Garbo are the present fullbacks but Nichelini may be changed from right half to fullback later.

The Teams

Coach Madigan, still suffering from a stomach ailment, was not able to direct all activities so left it to his able assistant, Vince McNally, who has been conducting the training with great success.

The teams are as follows:

LE—G. Canrinus, 1; Baker, 2; Minogue, 3; Bunce, 4; Lang, 5.
LT—Jorgenson, 1; Baader, 2; Collins, 3; Keoski, 5.
LG—Pendelton, 1; Carpenter, 2; Pors, 3; Livingstone, 4; Engstrom, 5.
C—Ruble, 1; Adams, 2; Yates, 3; Metz, 4; Craig, 5.
RG—Steponivich, 1; Johnson, 2; M. Murphy, 3; Murch, 4; Estes, 5.
RT—Gilbert, 1; J. Murphy, 2; Hubbs, 3; Taylor, 4; Bernardinelli, 5.
RE—Vivaldi, 1; E. Pendelton, 2; Penino, 3; Heinbockel, 4; Scott, 5.
LH—Baird, 1; Baat, 2; Curtin, 3; Cockerton, 4; M. Miller, 5.
RH—Brovelli, 1; Nichelini, 2; Nutting, 3; Naughton, 4; Duncan, 5.
QB—*Beasley, 1; Ahern, 2; Bonelli, 3; Lane, 4; Harris, 5.
FB—Dodson, 1; Garbo, 2; Partee, 3; Dupper, 4; Sauter, 5.

Fischer Given Most Valuable Man Cup

Bill Fischer, who toiled on gridiron up and down the Pacific Coast in Gael colors for three years, was selected as Saint Mary's most valuable gridder for the 1931 season.

The beautiful Dwyer gold watch award was presented to Bill at the Chancellor's dinner by the donor himself, and the students responded with a great ovation. Fischer is registered from San Francisco, having learned his grid lessons at Commerce High School.

Given Great Ovation

Many football critics rated Bill as an All-American last season but unfortunate injuries hindered his chances. Still he made All-Coast without any dispute and given honorable mention on various national eleven teams. To the Galloping Gaels, Fischer will never be forgotten, for his inspiring play on more than one occasion proved to be the deciding factor of the game. Yes, smiling Bill, will go down on the books as one of the greatest guards ever to lace a cleated shoe at the Moraga institution.

Teams Picked for Interclass Track

Sophomores Threaten to Dislodge Juniors as Champions

With several men already signed up for inter-class track, plans have already been completed and it will be run off as scheduled on Tuesday, April 26 at the James M. Smith Track.

Many Entries

Each of the class managers has sent a tentative list of entries; the senior list being complete. Judging from the men entered this year's meet promises to be the best one ever run off and will give Coach Vince McNally a line on a team to represent Saint Mary's next year. The entry list shows Saint Mary's can put a team on the track next year to meet other colleges.

Seniors Organized

Senior Manager Joe McAleese has entered a complete team already. They have two men entered in each event. Charlie Scheflin and Charlie Baird are favored in the sprints. In the field events Frank Madigan and Joe Flores look good.

For the sophomores Al Massa has already entered a strong weight team with George Dodson, Hugh Gerardin and Gordon Partee. Terry Masterson in the 100 and the 220 yard dashes, with Charlie Reddy in the 440 and 880 give the second year men a team that will press the seniors.

E. Pendleton, the frosh weight star, has been practicing daily and has been throwing the discus out over 125 feet. Joe Curtin and Al Nichelini, their managers, are the speed burners for the frosh.

As yet Bill Hudson has not reported a team for the juniors, but they can be counted on to put on a strong team on the track and field.

Meet Organized

This year the meet will be run off in a manner that will have at least one event in progress at all times. Vince McNally has chosen competent judges and close races will be called accurately.

Although the entry list is fairly large more men are encouraged to sign up to give Saint Mary's a track meet that will give them a line on the future.

Gael Netmen Face Strong S.F.U. Team

Swinging into the final matches of the season with three victories and four defeats, the Gael racquet wielders journey to San Francisco today in an attempt to upset the University of San Francisco tennis team.

The Gaels are anticipating victory, and are polishing up their shots in an effort to assure themselves of superiority over old rivals. The S. F. U. team is practically the same team that faced the Gaels last year except that they have improved considerably. The Gaels have also been strengthened by the addition of two freshmen, Wood and Goldstein, so tennis followers are expecting a close match.

The Defeats

Despite the reversals suffered by Gaels they are in no way disappointed, for the defeats have been at the hands of teams that have an abundance of material which is well coached. They are more than holding their own with teams that are formed by individuals who are attempting to establish tennis in the institution which they represent.

Graves will not be able to accompany the team because of afternoon work, but the rest of the team is intact. Friedman will most likely play number one, with Wood, Wong, McCabe, Goldstein, and Tuck following respectively.

Good Season

The frosh so far have had a pretty good year. They were the winners in most of their games, although their big regret is losing two to California. However, their record since those games has redeemed them, and they are now displaying a remarkable spirit on the field that has won them many friends.

SANTA CLARA MEETS PHOENIX IN SECOND GAME SATURDAY

Captain Noonan Will Be on Mound Against the Broncos

Gael baseball varsity will wind up a fairly successful season tomorrow on the Santa Clara diamond when they clash with Walter Mails' Bronco tossers.

It will be the concluding game of the year for both teams and league standings will be at stake when the

"Beef" McDermott

two ancient rivals clash on the diamond. The series may also hang on the outcome of the game, depending on the outcome of today's contest on the local diamond.

Start Mound Ace

Either Manfredi, star Bronco hurler, or Burke, another reliable moundsman from the Mission institution will be on the hill for the Broncos.

Captain Joe Noonan or Jack Tressidder will start for the Guisto troupe Bareilles and Carboline will be the maskmen for the rival nines.

The Broncos are one of the heaviest hitting squads in the California Intercollegiate League and the Gaels will have to have their hitting togs on to emerge victors.

Tony Judnich and Al Dowd are the leading Bronco batsmen and both men are the leading home run kings of the loop.

The Gael murderers row of George Wilson, GeorgeMcDermott, Jim Kane, and Vinnie Welsh will be hard put to outhit the Bronco swatsmiths, who in their last game blasted out 23 hits.

If the Gaels should defeat Santa Clara today and win again tomorrow, they will wind up their league campaign in third position.

Interhall Basketball Games Are Concluded

The North Second Floor team rule as basketball champions of Augustine Hall today, by virtue of a 20-10 victory over the South First Floor last Wednesday in Madigan Gym.

The final game of the series was a rough and tumble affair, with the Second Floor boys led by Pennino and Sill, coming from behind to win after trailing at half time by a score of 8-3.

With Meister and Peterson leading a slow breaking offense, and Cavagnaro contributing timely buckets, the First Floor grabbed an early lead and kept their opponents on defense continually.

Come Fast

At the start of the third quarter the Seconds came too with a bang, and with Pennino, flashy forward running wild, surged ahead tallying 7 points to insure a win, while they allowed the opposition but two.

The victors showed a speedy offense coupled with a strong defense, and from the first five minutes after the half were never in danger of defeat.

Pors and Garbo, guards, and Pennino, forward, were the shining lights of the champions, while Meister and Peterson were the keystone men in the attack of the losers. Elmer Preston refereed the game.

Box score:

North Seconds	Pts.	South First	Pts.
Pennino f	7	Cavagnaro f	5
Sill f	6	O'Connor f	1
Nichelini c	0	Meister c	4
Pors g	5	Bloom g	0
Garbo g	1	Peterson g	0
Purcell g	1		

DIAMOND DUST

Following in the footsteps of their northern California neighbors, the Bears, Dons, Cards, and Broncs, the Phoenix put in a disastrous week in the southland. The Trojans took them into camp twice and they were able to secure only an even break with U.C.L.A. It now appears as though Southern California has the pennant won with California a close second. Troy didn't look so hot when they faced the Gaels on Phoenix Field, but they have won eight out of ten games on their local lot and that's playing topnotch ball in any league.

McDermott kept up his good hitting on the southern trip and bids fair to lead the team in batting for the collegiate season. Wilson, after a slump of a few games, came to life in the Uclan game Tuesday to get three for four. Phillippi of Stanford was leading the league when the last official figures were released and has only one more game to play.

The water polo team lost their first contest to California by a 6 to 1 score last week. The Gaels took the jump on the Berkeley team by scoring a goal in the first few seconds of play but were outclassed from that point on. It's a tough game—this water polo—and condition counts heavily. Herc Fletcher is handling the team this year and is building for other seasons more than concentrating on winning all of this year's matches.

The recent signing of Doc Spears by a mid-western university puts Oregon in a tough spot. But it also gives strength to the rumor that football at Oregon is doomed because of recent occurrences that threaten to abolish certain curricula in which a majority of the Webfoot gridders are enrolled. This threatened action may have been the "handwriting on the wall" for Spears, for it is well known that he signed a contract for less salary than he was receiving at Oregon. Oregon had a fine frosh team last year and Spears had hopes for a championship team. The Coast has lost a colorful figure in the good Doctor.

Water Polo

(Continued from Page 3)

meet the California paddlers in a practice meet. It will be the swimming team's first meet of the season, in which Fletcher expects to get a better estimate of his material than he has been able to get in practice.

The water polo team meets the Pennoyes all-stars, at the Pennoyes pool in Oakland, next Thursday, the 21st. Manager Burton is negotiating for a meet with Santa Clara in water polo for Friday, April 22nd, in the Missios pool.

An unknown group of tennis players from the Mission playground of San Francisco visited the Moraga courts last Sunday and administered a severe trouncing to Gael netmen.

The invaders are coached by the Sunday director, R. J. McAndrews. McAndrews is a Gael senior and prefers to teach the game rather than indulge in the sport of chasing a tennis ball.

Frosh Split Games Over the Weekend

Concord and Sacramento Play Freshmen

Copping a game from the Sacramento High School by a score of 4-1 and losing one to the Concord Y.M.I. 9-3, the frosh baseball team broke even in the games of last week-end.

The boys from Sacramento journeyed to Moraga to meet the Gaelets Saturday afternoon on Phoenix Field, and after one of the fastest games of this season, were administered a 4-1 defeat.

"Freddie" Flynn was on the mound with Dan Mahoney catching his slants, Flynn turning in his second victory in as many starts, and completely baffling the high school aggregation.

Veteran Team

Sunday afternoon the frosh suffered a defeat from the hands of the Conford Y.M.I., an experienced, hard-hitting team, who never at any point in the game appeared as anything but victors. Driving out clean, timely hits from the offerings of Stetson and Vanderbundt to chalk up 9 tallies while holding the frosh to 3, the Y. M.I. outfit showed a batting and fielding strength that none of the Gaelet opposition has before.

Peacock, Mora and Harris were the stars of the games.

Football, Basketball Awards Given at Chancellor's Dinner

By ANTHONY CARDOZA

The annual dinner given by Brother Leo, Chancellor of the College, to the students and faculty, was held in the College dining hall Monday evening. The dinner was in the form of a football and basketball banquet, when members of both teams received their athletic awards.

The host, Brother Leo, gave the principal speech of the evening, commenting upon the fact that nowhere save at a small college would the students and faculty be able to get together informally. He lauded the spirit which prevails over the campus and complimented the receivers of the awards.

Fischer Award

William Fischer, guard on the 1932 football varsity, received the gold watch for the most valuable man to the team. Mr. Dwyer of San Francisco decided between Francis Toscani and Fischer for the coveted title.

Thomas M. Curran, varsity basketball player, was given the loving cup donated by the Board of Athletic Control for the best athletic and scholastic record achieved during his four years in college.

Louis Le Fevre presented the following varsity football men with Block M sweaters: Edward Hunt, William Fischer, Bud Toscani, Chas. Scheflin, Herschel Fletcher, William Beasley, Charles Baird, Michael Steponovich, Emory Rubel, Garry Vivaldi, Wayne Pendleton, Lafayette Gould, Angle Brovelli, Bud Schaefer, Gordon Partee, Ed Gilbert, Carl Jorgenson, Fred Canrinus, George Canrinus, Mervyn Yates, Sid Ahern, Hugh Gerardin.

Frosh Numerals

Frosh numerals were given to Presly Adams, Everett Pendleton, Albert Nicholini, John Engstrom, Gene Metz, Carl Gerner, Walter Harris, Walter Vanderbunt, Donald Pors, Robert Murch, Joseph Curtin, James O'Donnel, William Scott, Charles Nutting, Al Taylor, Elwood Lang, Edwin Duncan, Arthur Sawter, Tom Ferrassi, Santo Garbo, Al Murphy, Jim Lahey, Roy Lazzeri, Ward Cockerton, Felix Pennino.

Those varsity basketball players who received Block M sweaters were Len Callan, Thomas Curran, Charles Baird, Al Dupper, John Aragni, Elwood Lang, Fred Caviglia, Harold Johnson.

Frosh men who received their basketball numerals were William Scott, Harold Gilardi, Everett Pendleton, Joseph Curtin, James Flynn, Dominic Mora, Thomas Hogan, Carl Gerner, William Meade, Roy Lazzeri, Richard Johnson, Taksuma Takeo.

Following the presentation of the awards Brother Leo thanked the athletes on behalf of the school and then delivered a short address. He reviewed the Chancellor's dinner from its origin at the Old Brickpile to its present form. Among other things he said, "The more you know about Saint Mary's graduates, students, and their work, the more you appreciate the spirit of Saint Mary's. It is our privilege and duty to preserve that spirit. Often when an institution grows numerically, it loses its spirit, but thank God we have not fallen into this class. It is in our hands that never in social affairs or in any of our work in the world must we allow these standards to be lowered."

Due to rain, the Santa Clara and Phoenix baseball game which was to have been held Wednesday on the Moraga diamond, has been scheduled for this afternoon.

The Broncos arrived on the campus by bus, but were forced to turn back because of a steady downpour of rain. The third contest is scheduled for tomorrow.

Four Games Booked For Freshman Nine

Contests Come Over Period of Five Days

Another busy week-end is planned for the frosh nine, who are scheduled to play both tomorrow and Sunday on Phoenix Field. Tomorrow's game is with Polytechnic High School from San Francisco, while Sunday's game is to be with the Y. M. I. team from San Leandro.

These games, together with the one today in San Francisco, should keep the freshmen from spending the week-end in idleness. In addition, they have another contest on tab for Tuesday, with St. James High School.

All these games are scheduled for the afternoon with the exception of Saturday's, which will be played in the morning.

Averages Are Low on Batting and Fielding

Official averages for batting and fielding up to and including April 1 have been released by the California Intercollegiate Baseball League. The averages show that Saint Mary's has only three men hitting over .300 and the fielding also rather low.

"Beef" McDermott leads the regular batters with an average of .381, with George Wilson, slugging second-sacker, second with an average of .310. Tresider, a chucker, is another high man with .455.

In the field, Charlie Jones has an average of 1.000, not yet having made an error. Bareilles, diminuitive catcher, is next with an average of .977. He has caught all but one inning of Collegiate competition to date.

Kane at first and Wilson have good fielding percentages, and both boast of strong fielding arms.

GROWTH!

Oakland's great independent banks are still growing. During the past twenty years, the combined resources of these affiliated institutions have increased nearly 400%, as compared with the growth of Greater Oakland's population of 150%.

Extended European Tour Awaits Brother Cornelius

Brother Cornelius, head of the art department at Saint Mary's College, is leaving for an extended European tour. He will be absent from America for about one and one-half years. On May 7, he will take passage for Europe at New York.

Brother Cornelius

His itinerary will include most of the countries of Western Europe, among which will be Italy, France, Germany, Belgium, and Switzerland. His visit to Switzerland will bring him back to the land of his birth which he left four decades ago.

In his tour of France, Brother Cornelius will spend considerable time in the study of the art treasures of that nation which he so greatly admires. The artistic and literary shrines of Italy will occupy a portion of the tour also.

Centenary Year

As this is Geothe's Centenary year in Germany, he will undoubtedly visit where the greatest poet of Germany lived and wrote. As an instructor in German which is coupled with his duties in the art department, Brother Cornelius has a particular interest in German culture which he hopes to increase during his stay in Germany.

The greater portion of his journey will be spent in Belgium at the Christian Brothers' Mother House near Brussels. Brother Cornelius will spend nine months at the Mother House in a spiritual retreat.

At present the head of the art department is preparing for his tour and will leave the College in about two weeks.

Presidential Platforms

(Continued from page 1)

TOLAN PLATFORM

Thus, through the executive council, we advocate the presentation of all major activity to the student body so that the full support of the student body organization shall not be distributed over several activities at one time. Either we shall get behind our activities and insure their success or find sufficient reason that they shall not be entered into at all.

Thus we shall have a plan for activity, a plan for intramural sports, and when passed upon, an organized support. Still we shall not encroach on individual initiative, nor the plans nor independence of legitimate, traditional, club or athletic activities.

Organized and well directed student opinion, controlled and within its bounds, has a persuasive power in the faculty administration. Both faculty and student body administrations have the same end in mind, the general good of our complete organization. In our own experience many improvements have been accomplished on our Moraga campus, but no constructive move has reached fulfillment without a unity of all the organizations we have at our command.

JACK TOLAN,
Candidate for President.

JOHN TOBIN,
Candidate for vice-president.

JOE BOYD,
Candidate for secretary.

TOM CARA,
Candidate for treasurer.

MULLEDA PLATFORM

Minor sports should receive more active and complete support in order to more firmly establish them as a part of our athletic program. Many of us cannot hope to fulfill the requirements necessary to major sport participation, whereas the qualifications of minor sports are not so rigorous but carry interest and appeal to a great number.

Coupled with the minor sport program is that of intramural sports. But intra-mural activity need not be confined to sports, it should also include scholastic and social functions among the classes. It is certain that the promulgation of these pursuits will engender a stronger class spirit among the students which, when united in the student body as a common whole, brings out the highest degree of school spirit and loyalty.

It is our belief that student body funds should be employed in the support of these activities. A certain amount should be apportioned to each so that organization may be facilitated, and interest developed. We know that we have the support of the administration of our college to such a program because of the interest it has shown in such projects in the past, but it is our responsibility, as a group, to become more active in such pursuits, and bring them to a higher state of development and efficiency.

KILIAN J. MULLEDA.
HOMER BURTON,
VINCENT CALLAN.

Office Seekers Present Records

The following are the records of the candidates for the Student Body election:

For President

Jack Tolan, Arts and Letters. Matriculated from Saint Mary's College High School August, 1929. Home, Piedmont, Calif. Scholastic average: 2.05 grade points per unit. Freshman football. Vice-President of the Press club, Collegian feature writer. Athletic publicity bureau. Dictator of the A. P. G. U. Manager of debating. Executive Council, '29-'30. Junior Prom, Holy Names Tea dance. Sullivan memorial and Cottle oratorical contest. Business manager of the 1932 Gael Annual. Nominated by John Hennessy.

Kilian Mulleda, Commerce and Economics. Matriculated from Cathedral High, Los Angeles, August, 1929. Home, Burbank, Calif. Scholastic average: 2.60 grade points per unit. Manager freshman basketball. Varsity committee. President Economics Association. Nominated by James O'Connor.

For Vice-President

John Tobin, Arts and Letters. Matriculated from Saint Mary's College High School, August, 1929. Home, Oakland, Calif. Scholastic average: 1.56 grade points per unit. Junior prom committee. Interclass football. One year varsity football. Nominated by William Stevens Jr.

Homer Burton, Arts and Lettesr, Matriculated from Yreka Union High School, August, 1929. Home, Yreka, Calif. Scholastic average: 1.20 grade points per unit. 1932 Gael advertising manager. On Collegian staff. Swimming manager. Nominated by Al Markham.

For Secretary

Joe Boyd, Commerce and Economics. Matriculated from St. John's Preparatory School, Collegeville, Minn., August, 1930. Home, Langdon, N. Dakota. Freshman basketball. Executive Council, '31-'32. Scholastic average: 2.2 grade points per unit. Nominated by Frank Latuda.

Vincent Callan, Commerce and Economics. Matriculated from Sacred Heart High School, San Francisco, August, 1929. Home, San Francisco, Calif. Scholastic average: 1.54 grade points per unit. Frosh welcome dance. Interclass football. Nominated by Ben Squires.

For Treasurer

Thomas Cara, Arts and Letters. Matriculated from Sacred heart High School, August, 1929. Home, San Francisco, Calif. Scholastic Average: 1.5 grade points per unit. Executive Council, '31-'32. Intercollegiate boxing team. Nominated by E. George Railton.

Cottle Contest For Wednesday Evening

Outstanding campus orators will vie for the Cottle medal, a beautiful gold award, in the annual Cottle Oratorical contest which will be staged in the lounge of De la Salle Hall next Wednesday evening at 8 o'clock.

The contest is an annual affair and is eagerly looked forward to by local orators, and is especially popular this year.

A complete list of entrants has not been divulged, but Edward Cone, Jack Tolan, John Aiello, Jack McCabe, and John Healy have submitted their names during the week.

Brother Agnon is the executive chairman of the event.

Yesterday Brother Agnon expressed himself as disappointed with the small entry list and declared that although it had been suggested that the oratorical classic be postponed, it would go on as per schedule.

Campus critics have installed John Healy as the favorite.

Geology Head Talks on Planetary Life

"When the new 200 inch telescope now being built at Pasadena is completed, man for the first time since the beginning of the world, will be able to gaze upon the distant planets and distinguish the life which may exist upon them," so spoke Dr. James E. Campbell, geologist and astronomer of national repute and member of the faculty of the College last Tuesday night on the Classroom of the Air in an address on "Life on the Distant Planets," over station KTAB.

Lives in Imagination

"This possibility has lived in men's imaginations for centuries. Scientists have sought for a conclusive answer in vain. The sun's immense heat parches the bodies near it and no life is possible without water. However, the savants agree that some low form of life probably exists on the more distant spheres—Mars for example. When the new telescope is turned toward the heavens, who knows what strange creatures may stand out on the distant worlds?"

This was Doctor Campbell's debut on the College programs, and in view of the fine reception which he received, he may be expected to make another appearance.

Edward Shanahan, senior president, who was scheduled to appear, did not speak on the program.

Augustinians Present "Tannhauser" Program

With standing room at a premium, the Augustine Literary Society under the auspices of the Freshman Literary Committee presented another innovation in its program of student education and entertainment Wednesday evening in De La Salle Hall lounge.

The great German opera "Tannhauser" by Wagner, reproduced by means of phonograph records, was offered under the direction of Norbert Graves '33 to an interested audience of faculty members and students.

The high-light of the evening was the comments of Graves on the music and story of 'Tannhauser." Before presenting the opera reproduction, he related the difficulty with which Wagner had to contend in attracting attention to his works, and how these works have finally attained imperishable glory.

The "March Militaire" in the second act of "Tannhauser" is to be played for the graduation procession when the present senior class receive their degrees in May.

The Augustine Literary Society will present Graves once again at the end of the present month with a selection of operatic gems from all nations. At that time he will trace the growth of the opera from the Middle Ages to the present day.

Catholic Alumni and Alumnae to Meet Here

With the Catholic journalism convention now history, the alumni office is today making plans to bring the next regional conference, that of the Far Western group of Catholic Alumni and Alumnae, to Saint Mary's on Saturday, April 30.

Each Catholic college of the West has been invited to send five delegates to the meeting by Timothy J. Canty, local alumni secretary and regional director of the National Catholic Alumni Federation.

Alumni Groups to Convene on Campus

To the members of the Far Western group of Catholic Alumni and Alumnae:

At the meeting of the Far Western group of Catholic Alumni and Alumnae held at the University of Santa Clara on October 10, 1932, it was decided to hold a spring meeting of the group at Saint Mary's College. The date for that meeting has been set as Saturday, April 30, 1932.

Following is an outline of the tenetative program:

10 to 12—Morning Session

De La Salle Hall lounge. General discussion of technical side of alumni work; intended for alumni secretaries. Frank L. Dodd, Saint Mary's, presiding. 1. Mailing Lists; 2. Office equipment and office systems; 3. Financing the organization; 4. The Alumni Magazine; 5. Valuable publications on Alumni work.

Each secretary is urged to bring about ten copies of his best printed, multigraphed, or mimeographed pieces for distribution among the other secretaries.

12—Luncheon

Guests of Saint Mary's College, faculty dining room.

1:30 to 2:30

Tour of Saint Mary's campus.

2:30 to 5—Afternoon Session

De La Salle Hall lounge. 1: Roll call, each alumni association will answer roll call, with a three minute talk on: 'The Outstanding Event of Our Alumni Association During the Past Six Months."

2: "New Aims and Policies of the Alumni Work." Timothy J. Canty, Saint Mary's College.

3: "Organizing and Continuing an Alumni Association." Frank Hughes, University of San Francisco.

4: "The Alumnus and Social Responsibility." Mrs. Euegene M. Prince, Dominican College.

5: "College and Alumni Finances of Today." Miss Kathleen Cassidy, College of the Holy Names.

6: "Educational Relations." William R. Lowery, Saint Mary's College.

7: "An Alumnus Looks at Alumni Associations." Chauncey Tramutola, University of Santa Clara.

8: Round Table Discussion—"Why an Alumni Association? Making good alumni in undergraduate years, the local alumni club or unit, employment, homecoming day, organizing alumni by profession."

5 O'Clock

Business meeting, De La Salle Hall lounge.

6 O'Clock

Dinner, faculty dining room. Price $1. Speakers: Brother Leo, Chancellor, Saint Mary's College; Sylvester Andriano, president, Saint Mary's Alumni.

It is suggested that each alumni association be represented at the conference by five members. Some may not be able to attend the morning session, but it is hoped that each college will be represented by at least five at the afternoon session.

NEW BOOKS

Among the new books added to the College library during the past week are the following:
Reany: A Champion of the Church, St. Peter Canisius.
Joly: Life of St. John Eudes.
Bonnard: St. Francis of Assisi.
Fahey: Kingship of Christ.
Trochu: Cure D'Ars.
Catholic Who's Who and Yearbook, England, 1932.

drews, Edward Shanahan, Albert de la Guardia, Ralph Rogers, Thomas Curran, Edmund Moss, John Friedman.

Juniors: Brother Francis, Brother Edward, Louis Barudoni, Eugene Hourcade, Arthur Foshay.

Sophomores: Harold Mibach, Arthur D'Arco, Lawrence Pometta, Shirley Matthias, Edward Schaeffer, Anthony Cardoza, Lawrence De Rosa, Eugene Raftery.

Freshmen: Harry Ferrari, Paul Burke, Henry Floyd, William Guheen, Brother Lawrence, Noel Sherry, Thos. Twomey, Edward McSweeney, Edward Sibley, Brother Walter, Brother David, James O'Hare, Carl Roehl, and Brother Sebastian.

The students who merited from 2.0 to 2.5 points or better per unit are:

Seniors: Leonard Churchill, Harry Whitehead, Ralph Curtis, Maurice Graves, Rock LaFleche, Tom Mazzoni, Charles Shields, Lester Tomasini.

Juniors: Victor Lusinchi, John Murphy, Leo Walcom, Donald McGovern, Gordon Estes, Kilian Mulleda.

Sophomores: David Taylor, Henry McElroy, Joseph O'Reilly, John Aragni, Francis Reardon, John Aiello, Richard DeSousa, Robert Franke, John Frick, Ronald Dixon, Vincent Lawler, Eugene Meyer, Rudolph Rasmussen, Rowland Wimbush, Claude Witzel, Leo Beltrami, Joseph Boyd, Gerald Kennedy, Harry Kenny.

Freshmen: Joseph Curtin, Campbell Juleff, Harold Flynn, Virgil Salera, Emile Schuster, James Eustis, Walter Harris, Jack Purcell, Lowell Arata, Brother Benedict, Oscar de la Guardia, John Dempsey, Havelock Hunter, John Mallarino, Jack Moffat, James Prindiville, John Rainsford, Brother William, Brother Arthur, John Kenny, William L'Heureux, Brother Patrick, Brother Peter.

LEGISLATOR GIVES POLITICAL INSIGHT

In the transition lecture given last Friday, Assemblyman Ray Williamson of the California State Legislature, gave the seniors an insight into the workings of state government and the advantages gained by one actively engaged in such work.

The speaker then outlined the structure and functions of the legislature, and showed how the Senate is controlled by the "cow counties" or the farm group, while the Assembly is controlled by the metropolitan districts.

Being an attorney, Mr. Williamson showed the connection between his profession and the work of an assemblyman, stressing the value of the contacts made through the legislature. He pointed out that the legislature offers a field in which a man can make fine contacts, and gain public confidence. The Assemblyman's first contacts are made with fellow members of the legislature, with what is known as the special interest group, the last and most valuable contacts are made with the judges and state officers.

The speaker then told of the committees which are appointed by the Speaker and outlined their functions as consisting in examining every bill or law submitted to the legislature.

THE TOUR WITH A TRADITION

St. MARY'S
ALUMNI TOUR of EUROPE

In association with Knights of Columbus Council No. 2745, attending the Eucharistic Congress, Dublin

The St. Mary's College Alumni Association annual tour to Europe is a tour with a tradition! A tradition of jolly good times, the best of everything and most carefully planned itinerary for the money—and every needless expense has been eliminated to enable you to see everything, do everything and enjoy yourself without spending a fortune! And what fun you'll have—glorious days and nights aboard the palatial White Star Liner, S. S. Doric—deck games, dances, bridge tournaments, the Captain's Grand Ball; the cafes, theatres, and gay European capitals; and being in the company of friends with whom you may share freedom of speech makes it doubly enjoyable. The tour has a serious mood, too—the essentially Catholic background is outstanding in the attendance at the Eucharistic Congress, with accommodations at De la Salle University Hall conducted by the Christian Brothers; it has its cultural advantages in the wealth of museums and universities in European cities; its scenic attractions are many, including all of Ireland, the wonders of England, France, Monaco, Italy, Switzerland, Germany, Belgium and Holland. For a jolly good time, a liberal education, a trip to Europe and the Eucharistic Congress at a bargain fare—MAKE YOUR RESERVATIONS NOW! The party is limited to sixty people other than students.

IF THY RIGHT HAND OFFEND THEE—

Nature is not bothered with many useless appendages; and what few she has, like tonsils and the vermiform appendix, science easily disposes of.

Not so with society in its various forms. She has that butt of the newspaper columnists, the Vice-President; that supposed leader of important committees, the Honorary Chairman; and, more immediately, that group of futile dignitaries, the three minor officers of a college class.

New college traditions are a beautiful thing—when they mean something; they are tolerable even if they have meant something in the not too distant past. But will some one please tell us just what is or was the purpose of a class vice-president, secretary and treasurer in an institution like this, beyond the filling of a certain portion of picture-space in the college Annual?

A vice-president purportedly helps the president; but in most colleges, ours included in the most, even the most feeble president could handle splendidly the amount of business scheduled by the normal class. The secretary supposedly keeps minutes of meetings; yet in the one or two meetings which a class holds per semester the secretary invariably forgets his notes or the president rules that on account of the pressure of more important business a motion will be in order to dispense with the reading of the minutes. The treasurer assertedly is created to collect dues, but is rendered a pathetic case due to the circumstances that no class tolerates such an institution as dues.

"Respect tradition but do not worship convention." Isn't it time to realize that the minor class offices are merely conventions which serve no useful purpose? Isn't it time to abandon the hypocrisy which elects three men in one month and promptly forgets them until twelve months later?

The setup of the Associated Students provides that each class elect three other officers who can easily be made to take the place of the defunct dignitaries, both in the always-spirited elections and in the annual picture gallery: the Executive Council delegates. These men, who actually work every week in the year, are really deserving of honor and prestige.

Custom doth make cowards of us all; but college men should be the first to kick an outworn and useless custom in the face. Let Saint Mary's lead the way now in abolishing unnecessary offices.

WHAT OF THIS ELECTION?

There is something puzzling about this election that will be staged Tuesday. It does seem odd that approximately only one-third of the students will be permitted to approach the polls to vote for student body officers.

A one dollar yearly Associated Student fee stands between nearly four hundred students and their powers of collegiate citizenship. All of which is puzzling. No matter which candidates are successful in the election, they will have been elected by a minority of the students.

All of which is a sad state of affairs. Still the students have none to blame but themselves. They brought on the condition by their own indifference and permitted the measure which deprived them of their privilege of voting, unless they were members of the A. S. S. M. C., to be ratified at a meeting of the student body. Again, one dollar per year is not such an exorbitant fee to pay for membership in the student body. The money that has been realized from the selling of student body cards has been put to good use. Extra curricula awards have been purchased for campus journalists, debaters, dramatists and musicians. A tea dance was given in the lounge and the varsity yell leader was sent to Los Angeles twice during the past football season.

These are the outstanding events accomplished with student body funds. That the A. S. S. M. C. is worth the one dollar per year tax is unquestioned. Yet the majority of the students do not appear to be of that opinion and as a result will be unable to vote on Tuesday.

NOTICE TO TRACK ENTHUSIASTS

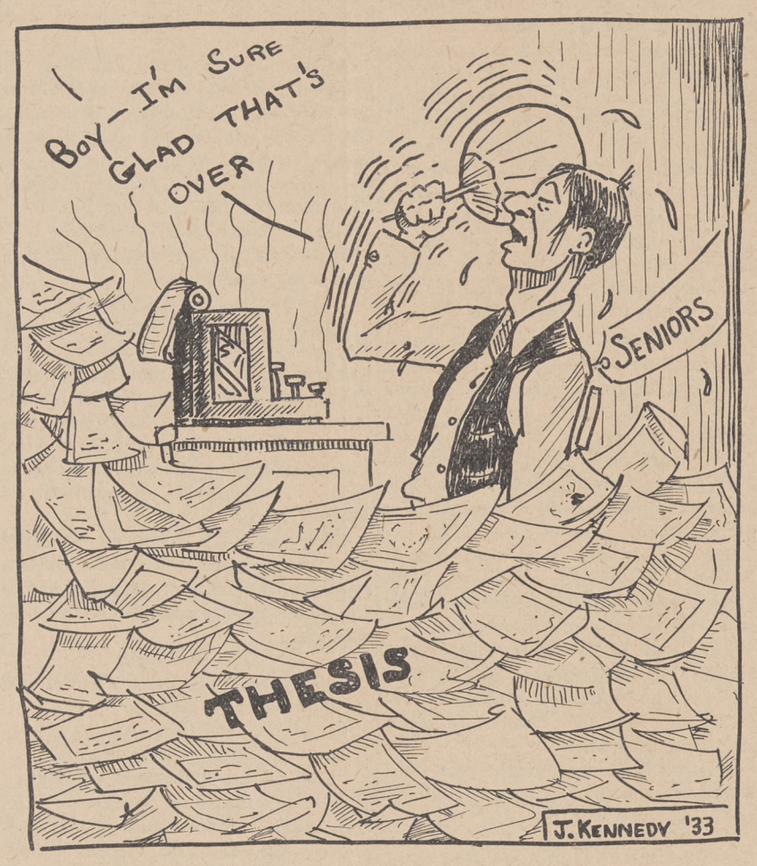
Track enthusiasts of the College will be given an opportunity to show their wares and encourage lagging interclass athletic activity at the second annual interclass track meet which will be held on the James Smith Track on April 26th.

In track we have a sport that has been trying to catch on at Saint Mary's for a number of years, but that has never enjoyed any degree of popularity that it enjoys in other universities and colleges of California.

Athletic authorities hope that all the students who are interested in this sport will turn out for the meet. Last year's affair was quite successful from a stand-point of competition but no more than a handful of athletes participated in the meet. This to some degree has retarded the progress of the definite organization of a College track and field squad.

Another fact to be considered is that this is the only interclass athletic competition offered for the entire year. Interclass football, basketball, baseball were passed up but let's hope that interclass track is not sidetracked because of lack of interest.

- That's That! -



COLUMBIA'S EDITORIAL "MARTYR"

Apparently it does not pay to take this job of editing a college newspaper too seriously. Witness the fate of the student editor of the Columbia "Spectator" who has been summarily dismissed from that institution after printing editorials that are considered poor taste in most circles of collegiate journalism—criticism of the management of athletics and of the food served to the students.

Some of our contemporaries have already set the young man who let valor play the better part of discretion, on a pedestal as a martyr to the cause of freedom of the college press. Yet we can see no reason for so doing. Reed Harris's methods and attitude have done the standing of the college press no good and have simply earned for himself front page space on most of the dailies of this land, in addition to his expulsion.

Harris may have had the right intention but his method was all wrong. Instead of being conservative and offering constructive criticism, he used sensational methods calculated to ire the faculty.

He apparently forgot that he was a student, tolerated in school only at the pleasure of the faculty of the university. However, the faculty did not forget, and today the injudicious editor is on the outside looking in.

Still Harris must have had the courage of his convictions if he was willing to sacrifice his college career in order to draw attention to evils which he thought needed correction. Others, however, suspect him of attracting attention to insure his journalistic future, in a manner that was calculated to be of more advertising value than merely performing the editorial duties in a quiet and unostentatious fashion.

HOW TO EXTERMINATE THE PEST

Marquette University is not the only institution of higher learning in the United States that suffers from the cigarette problem. Perhaps it has reached more serious proportions on that campus and we read: "The intricacies of calculus, the unsolved mysteries of chemistry, and the wanderings of Aeneas all present their various difficulties to the Marquette student but it is the problem of cigarettes and the people who borrow them for which the student can find no solution.

"Various solutions to this problem have been offered but the 'racket' still persists. From week to week the more unfortunate collegians change their brands of tobacco in the hope that borrowers might be discouraged by cheaper grades of cigarettes. And so it goes on—'Got a smoke'—and nothing can be done about it."

Maybe Marquette students should take a tip from students of western colleges who have exterminated the cigarette pest by changing from cigarettes to pipes. Pipe smokers complain of no borrowing problems.

FROM OUR - FILES -

1914—"Edward Butler '00, captain of Company D California National Guard, has mustered his men in preparation for the Pancho Villa unpleasantness in Mexico.

With the advent of spring, the hour of compulsory rising for boarders was advanced from 6:45 to 5:45.

1929—Los Quijotanos announced that it would henceforth take charge of raising the flag on the campus. A conscience-stricken football gate-crasher forwarded a check to the Athletic Office. Slip Madigan was made an honorary member of the Olympic Club.

1930—The first subscription to the newly-founded Moraga Quarterly was sent in by Mrs. Thomas Quinlan. The Collegian's first poetry contest closed after more than fifty entries had been received.

The Inquirer

By ROCK LA FLECHE

Question: Should future student dances be held on the campus?

Raymond Souza: "Yes, for the reason that financial di....culties would be overcome. These dances would also foster a more friendly and informal feeling and would insure a better time for all concerned."

Clem Collins: "Absolutely. I'm in favor of them. The last senior informal is sufficient proof of their success."

Laurence Pelissier: "I don't know. I've never attended any of them. However, if anything, I'm in favor of them."

Henry Cleary: "All student dances should be held on the campus. Since they are student activities, why hold them in a foreign atmosphere?"

OTHER COLLEGES

By VICTOR LUSINCHI

Leap Year

Duke University.—Who says the girls don't take Leap Year seriously? Proof to the contrary is shown by the peared in the Duke University Chronicle.—"Wanted—five lonely co-eds would like to meet five nice boys with honorable intentions. Those interested please write Box 461, College Station." The girls shouldn't have to wait long.

Stadium Endangered

University of California.—That an earthquake along the Hayward's fault would split the Memorial stadium into two crumbling masses is the belief of Dr. Carlton D. Hulin, associated professor in geology.

Hayward's fault, one of the major trouble-makers of California, runs directly through the length of the stadium. It has been traced up into Marin county and down south to San Jose. It runs parallel to the San Leandra's fault which caused the San Francisco earthquake of 1906. No movements have been noticed along the fault since 1818 when it caused what is known as the Hayward's earthquake.

The Gentle Sex

Boston University.—The gentle sex may not be so gentle according to the Boston Police Department. The police claim that co-eds at Boston University cause twice as much trouble as the men students.

From All Over

Harvard University.—The Harvard University student body is composed of students from the 48 states of the Union and 46 foreign countries, recent statistics show.

Canada with 69 students and China with 40 students are best represented of the foreign countries. Men from such far-off lands as Abyssinia, Persia, Palestine, Syria, and the Virgin Islands are enrolled.

Brass Buttons Attract

University of Minnesota.—A University of Minnesota co-ed refused to sign a petition against compulsory military training, explaining her refusal with the statement, "No, I like the pretty uniforms."

Annoying Professors

University of Illinois.—The student body at the University of Illinois objected to some of the mannerisms of their faculty. Among the objections were: using coat lapels to polish fingernails, sitting pigeon-toed behind the desk, snapping a rubber band during exams, wearing atrocious neckties and breaking pieces of chalk during lectures.

To this list a columnist at Georgetown U. adds, "that detestable habit of coming to class four minutes late just when the class has decided to leave. That is a failing of all professors."

Defines Education

Columbia University.—Dr. Nicholas Murray Butler, president of Columbia University, defines educations as follows:

"Education is a gradual adjustment to the spiritual possessions of the race, with a view to realizing one's own potentialities and to assisting in carrying forward the complex of ideas, acts and institutions which we call situation.

"Those spiritual possessions may be variously classified, but they certainly are at least three-fold. The child is entitled to his scientific inheritance, to his institutional inheritance and to his religious inheritance. Without them all he cannot become a truly cultivated man."

White Lies

Columbia University.—According to a recent report made by the Psychology department of Columbia University, persons who attend the movies cheat most, girls tell twice as many white lies as boys, and country boys rank higher in alertness than city boys. Among the excuses given by cheaters are: tests and subjects are too hard, they wish to stand high, and they do not want to lower the class ranking. Students say they are influenced by other people in the following order: parents first, then friends, then club leaders, then Sunday school teachers.

OUTLOOKS AND INSIGHTS

By BROTHER LEO

LUBRICATION——

The Most Honorable Brother Adrian, Superior General of the twenty thousand Brothers of the Christian Schools engaged in educational work throughout the world, from time to time sends his spiritual children an official communication called a circular. In those circulars the Superior of the vast organization discusses things of general interest to religious and educators.

What do you suppose is the topic of his most recent circular? Not the financial depression, not the menace of communism, not a plea for Catholic Action, not an exortation to invoke the intercession of the Little Flower, not an analysis of the objective type of examinations.

No. The head of a world-wide educational organization addresses his followers on the importance of courtesy. He points out that refinement is one evidence of education. He reminds them that the complete Catholic is the complete gentleman. He exhorts them so to act and so to strive that gentility, courtesy, urbanity may be the prevailing characteristic of the Brothers and their students.

Gentility is the oil of life. It lubricates the social machine. It prevents friction and premature wearing out. It is more important than ever so many things more persistently preached at us.

ANOTHER SIGN OF PROGRESS—

We can afford to be enthusiastic about the Sacred Concert to be given in San Francisco April 28 and May 11 by the Cantoria under the direction of Father Ribeyron and Mr. Sangiorgi of our Faculty. During the past two years Saint Mary's has made considerable contributions to the musical history of the Pacific Coast. The coming concerts are in harmony with a recent but firmly intrenched tradition.

In vastly greater measure than sundry activities which make more noise and win more kudos, the work of this Cantoria directly springs from the life of the College and gloriously illustrates and perpetuates the European tradition of culture.

Palestina, Nanini, da Vittoria, de Lasso are shining names in the history of Catholic music. Bach's Mass in B minor has been called "a peak, not only of religious music, but of all music." Never has so ambitious a program been presented in the Far West.

GREAT TEACHERS—

Mr. R. G. Jones, superintendent of schools in Cleveland, Ohio, lists certain characteristics which, in his opinion, all great teachers profess:

"Vitality that yields power.
Interest that stimulates action.
Education that represents an intellect producing knowledge, acquiring wisdom, and arriving at understanding.
Sincerity that banishes fear and inspires respect.
Kindliness that disarms suspicion and creates good will.
A sense of humor that relieves tension and restores proportion.
Simplicity that is the hall-mark of distinction."

It will be interesting and not without profit for students to seek some evaluation of their instructors on the basis of those characteristics. I am confident that the Faculty of Saint Mary's College will bear up bravely under the test.

However, our students can do more than that. They can realize that, in a sense, every man is a teacher. They certainly must realize that every student must be a teacher, a teacher of himself. Having scurtinized their instructors, they might scrutinize themselves.

Superintendent Jones does not list all the characteristics of the great teacher but he undeniably indicates the principal ones. Rightly he places vitality first. The quality of being alive is a characteristic of all genius. A great writer is more alive than a lesser writer. Great music pulsates with vitality. Great holiness, such as that manifested by Saint Paul and Saint Francis of Assisi, is infinitely removed from the pseudo-sanctity of routine and red tape. The real saints were very much alive; the pseudo-saints were dead in life.
